

ALICE PERERA

Senior AI Engineer

Email: alice.perera@example.com | Location: Colombo, Sri Lanka

PROFESSIONAL SUMMARY

Senior AI Engineer with 7 years of experience building production machine learning systems. Specialises in Natural Language Processing and cloud-native AI services on Amazon Web Services. Passionate about turning unstructured text into actionable intelligence.

SKILLS

- Python (expert)
- Machine Learning
- Natural Language Processing
- Amazon Web Services
- Prompt Engineering
- REST API design

TECHNOLOGIES

FastAPI, Docker, LangChain, PyTorch, PostgreSQL, Git

WORK EXPERIENCE

Senior AI Engineer - Nexlify Solutions (2021 - Present)

- Led the design and delivery of the Customer Support AI project, an LLM-powered assistant that resolves 60% of inbound support tickets automatically.
- Built NLP pipelines for intent classification and entity extraction using PyTorch and Python.
- Deployed inference services on Amazon Web Services using Docker and FastAPI.

AI Engineer - DataMinds Lanka (2018 - 2021)

- Developed the Document Intelligence Platform, extracting structured data from scanned contracts and invoices using OCR and Natural Language Processing.
- Designed REST APIs in FastAPI serving ML models to internal teams.

PROJECTS

- Customer Support AI: LLM-based support assistant. Python, LangChain, FastAPI, Amazon Web Services.
- Document Intelligence Platform: NLP document extraction system. Python, PyTorch, Docker.

EDUCATION

- MSc in Artificial Intelligence, University of Moratuwa (2018)
- BSc in Computer Science, University of Colombo (2015)

DOMAINS

Artificial Intelligence, Backend Development
